Why donate to Resale Select and IOCP?

- IOCP provides our community with basic needs such as food and clothing, as well as strengthening services that connect households to affordable housing, quality childcare, employment, and more.
- The IOCP food shelf has seen a 12% increase in households year-over-year, serving more than 1,000 households so far this fiscal year.
- We've also seen an 11% increase in no-cost clothing and household items distributed to more than 330 families so far this fiscal year.
- To support these growing needs, through both store revenue and no-cost items given to clients, we need your quality clothing and household donations.
- When you donate and shop at Resale Select, you also make an impact on the lives of thousands of west metro individuals and families each year - as 100% of the store's net proceeds support IOCP's services and programs.
