

Letters from our sponsored students:

Hello, it is a pleasure to greet you and I hope that, by the Grace of God, all of you are well.

I would like to tell you that last December, I finished my studies at the Open Modular University with a license in English. At this moment, I am waiting for my graduation which will be May 21, 2025. First of all, I thank God for helping me be one step away from graduating and secondly I would like to thank my sponsors, Vicki and Jeff Brink for giving me their unconditional support during these many years. In 2015 I was sponsored by the Seeds of Hope program, coordinated by Emaus Church in El Salvador. Without this help, I would not have been able to complete my studies.

They were a very fundamental part of my life and I hope that God continues to bless them and I hope that one day I will be able to see them again and to thank them in person for their support.

I would like to say that I am now working as an English teacher in a secondary school, which is giving me further knowledge and learning. When I get my degree, God willing, I will have further job opportunities.

Sincerely,
Wilfredo Cartagena
